

Standard 8(b): Demonstrates professional & ethical conduct according to state law and local policy.

To fulfill this requirement, I chose my Mandatory Reporter Certificate of Completion as my artifact. This certificate demonstrates professional and ethical conduct according to state law and local policy because it shows that I have been trained in the mandatory reporting of suspected cases of child abuse. This is both a professional obligation of any teacher and also a state law. As a teacher I take compliance with the law and conduct becoming of a professional educator very seriously. Both protect and support the children that I have devoted my heart and soul to educating.
